

2024 ON-ROAD PROPANE VEHICLE REBATE RULES AND REGULATIONS

WHO AND WHAT IS ELIGIBLE?

Rebates are available to entities residing in Michigan and who are purchasing a new propane vehicle or converting an existing vehicle in 2024. Entities must use a propane marketer located in Michigan. Propane companies are not eligible to receive rebates, however, propane company employees are now eligible.

WHAT VEHICLES ARE ELIGIBLE?

Any 2020 or newer OEM vehicles converted to a propane autogas system that is approved by the U.S. Environmental Protection Agency and is registered and operated in the state of Michigan is eligible for a \$4,000 incentive payment. All federal and state incentives must be applied prior to receiving rebate funds, and the funds may be used for the incremental cost of propane vehicle versus gasoline or diesel vehicle only. There is a limit of four rebates issued to any single entity, and the rebates are on a first-come, first-serve basis.

WHAT DO I HAVE TO DO IN EXCHANGE FOR THE REBATE FUNDS?

Simply complete the attached application and submit it to MIPERC before the program ends or funds are exhausted.

WHEN DOES THE PROGRAM BEGIN AND END?

The rebate program ends December 31, 2024, or when program funds are exhausted. The payment of a rebate under the program or this agreement is subject to available funds. If available funds run out during the program year, MPGA may elect to carry over applications until the next program year. All eligible purchases or retrofit installations must occur during the rebate program.

Completed and approved applications should have a rebate check issued within 60-90 days after the application is received at the MPGA office, subject to available funds. No applicant has a legal right or other entitlement to receive rebates under the program or this agreement. A completed application does not bind MPGA to approve or pay a rebate to any applicant. An applicant or propane marketer may be suspended from or declared ineligible to participate in the rebate program if the MPGA determines that the applicant or propane marketer has submitted false information or otherwise violated program terms and conditions. Within 30 days after MPGA suspends or declares an applicant or propane marketer ineligible, the applicant or propane marketer may appeal the action by submitting the appeal in writing to MPGA. Actions taken by MPGA with respect to the appeal will be final.

An applicant or propane marketer who submits false information pertinent to a rebate is subject to criminal and civil penalties including U.S. Mail fraud.
